

*“In the name of God”*

***Mohammad Ali Akbarzadeh***

School: Shahid Beheshti Medical School, Shahid beheshti  
University of Medical Sciences

Department: Cardiology

Hospital/ward: Modaress hospital. Cardiology ward

Tehran, Iran

Mobile: +98 917 317 1001

Email: akbarzadehali@yahoo.com

**Personal data**

Date of birth: August 15, 1979

Marital Status: Married

## **Education**

Year	Subject	Organization
1997	High school diploma	Towhid high school, Shiraz, Iran
1997-2004	MD	Shiraz university of medical science
2003-2004	Internship	Shiraz Faghihi & Nemazee hospital
2004-2008	General cardiology residency	Shahid Beheshti university of medical science
2011-2013	Fellowship of invasive electrophysiology	Rajaie Cardiovascular & Research Center

### **Teaching experience:**

1. Teaching assistant, Kermanshah University of medical sciences 2010-2011
2. Assistant professor of shahid Beheshti University of medical sciences. 2013

### **Professional expertise**

- 1- Staff cardiologist: Rasoul Hospital, Kermanshah, Javanrood, Iran 2010-2011
- 2- Assistant professor of shahid Beheshti University of medical sciences. 2013 till now

### **Memberships**

1. Iranian intellect institute since 2010
2. Iranian heart association since 2012
3. Iranian heart rhythm society since 2013

### **Certificates & licensing**

1. Iranian board of cardiology (Sep 2010)
2. Fellowship of invasive electrophysiology (2013)

## **Honors & Prizes**

1. High degree (20<sup>th</sup> rank) in Iranian university entrance exam 1999
2. High degree (1<sup>st</sup> rank) graduated cardiovascular residency at Shahid Beheshti university of medical sciences, class 2004
3. High degree (4<sup>nd</sup> rank) in national cardiology board exam 2010

## **Research project:**

- 1- Project director of research: Differentiation of new from old left bundle branch block by cardiogoniometry
- 2- Project colleagues of research: Evaluation of left ventricular dyssynchrony by analysis of SPECT gated myocardial perfusion scan in medically resistant heart failure patients for evaluation of CRT responding
- 3- Project colleagues of research: Evaluation of the effect of Valsalva maneuver in return supraventricular arrhythmias
- 4- Project colleagues of research: Evaluation the role of ASA and clopidogrel at prevention of venous obstruction following pace maker or implantable cardioverter – defibrillator implantation in patients
- 5- Project Director of research: Analysing the conjunction between sinus arrhythmia and Interposed QRS in patients with complete heart block with pacemaker

### **Editorial Service:**

Reviewer: Journal of Research in Medical Sciences

Reviewer: ARYA Atherosclerosis

Manager Editor: International journal of Cardiovascular  
Practice

Editorial Board: Journal of Clinical Cardiac Electrophysiology

### **Committee service:**

Consultant of Iranian Legal Medicine organization since 2015 till  
now

### **Publication**

1. Effect of acute smoking on diastolic function. Iranian cardiovascular research journal 2010. 4(2).
2. A 38 year old man with fever and maculopopular rash. Iranian Journal of clinical infectious. 2008 3(3)
3. 99 mTc-MIBI washout as a complementary factor in the evaluation of idiopathic dilated cardiomyopathy (IDCM)

using myocardial perfusion imaging. *International Journal of Cardiovasc Imaging* 2012. 28(1)

4. Monomorphic Ventricular Tachycardia Originating From Right Ventricular Outflow Tract as a Trigger for the Recurrent Ventricular Fibrillation in a Patient With Brugada Syndrome. *Res Cardiovasc Med*. 2014 May; 2(2)
5. Is There any Difference in Cardiogoniometry Parameters of Ischemic and Nonischemic Cardiomyopathy in Patients with Left Bundle Branch Block? *Arch Cardiovasc Imaging*. 2014 September; 2(3)
6. Acute effects of smoking on QT dispersion in healthy males. *ARYA Atheroscler* 2014; 10(2): 89-93
7. Q wave and ST segment elevation in inferior leads: What is the diagnosis?. *Journal of arrhythmia*. 2015 Oct;31(5):333.
8. Pseudofusion in a dual chamber pacemaker: Is this pacemaker working properly?. *Journal of Arrhythmia*. 2015 Oct 29.
9. A case of dual atrioventricular nodal nonreentrant tachycardia: An unusual cause of tachycardia-induced cardiomyopathy. *Journal of arrhythmia*. 2015 Oct 31;31(5):328-30.
10. Need for re-implantation?. *Journal of arrhythmia*. 2015 Dec 31;31(6):410.
11. Marino et al. Inappropriate mode switching clarified by using a chest radiograph. *Journal of Arrhythmia*. 2016 Jan 19.

12. Value of Admission HbA1c Level in Non-diabetic Patients With Unstable Angina. International Journal of Cardiovascular Practice 2016; 1(1)
13. Drug-related Atrioventricular Block: Is It a Benign Condition? International Journal of Cardiovascular Practice 2016; 1(1)
14. Change in Atrial Activation Pattern during Ablation of Atrial Flutter. International Journal of Cardiovascular Practice 2016; 1(1)

Selected Presentations:

1. Epidemiologic features of immuno-Proliferative small intestinal disease in Fars state from 1355 till the end of 1377. 12<sup>th</sup> International congress of Geographic Medicine. (Student Part) Shiraz. Iran
2. Prognosis and natural history of drug related atrioventricular block. (Oral presentation) First Iranian cardiovascular, joint congress. 25-28 Sept 2012.
3. Cardiogoniometry as diagnostic tool for pre-angiography screening in patients with acute coronary syndrome. (Oral presentation) First Iranian cardiovascular, joint congress. 25-28 Sept 2012.
4. Drug-related atrioventricular block, is it a benign condition? (Poster Presentation) EHRA EUROPACE, Athens 23-26 June 2013.
5. Principle of entertainment. (Oral presentation) 11<sup>th</sup> congress of Iranian heart rhythm society. Jan 2014
