Dear Dr. Talaie,

It is my great pleasure to inform you that your manuscript entitled "Effects of sedation during upper gastrointestinal endoscopy on arterial oxygen saturation" (manuscript number 08121) has been accepted for publication in Hepato-Gastroenterology. I had the great pleasure of reviewing your paper personally and I would like to inform you that I found it of great interest.

In order to help speed up the publication process, if you have not already sent an electronic version of your paper, I would like to ask you to preferably send us a word processing file containing the full version of your manuscript as an attachment to an e-mail. In this way, we will be able to proof-read and prepare the paper for printing more quickly. However, if you choose, you may send us a computer disk or CD, with a copy of the word processing file containing your manuscript. The diskette must be either 3.5" and formatted by an IBM-compatible DOS. Word for Windows format is the preferred format for the word processing file. Please make sure the disk is labeled with the manuscript title and the manuscript number.

Moreover, due to the very interesting content of your paper I would like to invite you to join our association the International Association of Surgeons, Gastroenterologists, and Oncologists (IASGO), and present your interesting data during our associations scientific events as an IASGO - ISSO faculty member.

H.G.E. Update Medical Publishing S.A. is a non-profit organization devoted to the diagnosis and management of GI diseases. It was founded in 1988 as a humanitarian, non-
